April 14, 2008

Dear Sir or Madam,

Greetings from the Roland Technology Student Association (TSA)! We are writing this letter to inform local businesses of our recent success at the 2008 Oklahoma TSA State Conference. On April 1<sup>st</sup>-3<sup>rd</sup>, 2007 all fifteen Roland TSA students that attended the state competition placed top ten in their individual or team events. Our chapter won state in three events, while placing second in seven and third in seven. This year has proven to be among the most successful year that Roland TSA has had to date, bringing home seventeen state trophies and placing top ten in the state in thirty events.

Our recent success at the state competition has qualified us for the national competition, which will be located in Orlando, FL. I am sure that you are well aware that rising gas prices, as well as lodging for this caliber of trip can be quite costly. Therefore, we are enlisting the help of local businesses to help fund our trip to the national competition. We are asking for monetary donations and sponsors to help send us to the national competition to represent Roland and the state of Oklahoma. We would not ask for help without trying to raise some of the money on our own; we have already had several fundraisers this year and more are planned.

At this time we have \$4,100.00 raised of the nearly \$15,000.00 needed to attend. Roland TSA has attended the previous three national conferences and has been very competitive. The organization has produced 13 national finalists, including one national champion last year. We love the opportunity to travel, but our main focus is the opportunity to compete while representing our state and school.

We are a hard-working group that deserves the privilege of attending this trip, and we would greatly appreciate any monetary donation no matter how great or small.

Sincerely,

A handwritten signature in cursive script that reads "Stephen O'Neal".

Stephen O'Neal
